PRODUCT INFORMATION

ENGINE

At the heart of the Speedmaster is Triumph's revered 865cc parallel twin engine, a classic configuration favoured by custom builders around the world. With its 270-degree firing order and twin slash cut pipes, the fuel-injected unit delivers a peppy 60bhp and 53 ft.lbs of torque with a satisfying growl befitting the sporting looks.

CHASSIS

The look of the Speedmaster is dominated by the 19" cast aluminium front wheel with single disc brake and 'skinny' tyre, giving a classic chopped hot-rod look. As you would expect, the Speedmaster sports a low, 690mm seat height which, when married to the wide handlebars, deliver a comfortable and intuitive riding position.

STYLING

To complete the look, the Speedmaster sports blacked out engine cases, a carefully crafted teardrop tank, minimalist mudguards, a 15" cast rear wheel with high profile tyre and a small single chrome headlight design.

SPECIFICATIONS

ENGINE AND TRANSMISSION

Type	Air-cooled, DOHC, parallel-twin, 270° firing interval

OUR WORK EXTENDS FAR BEYOND THE FACTORY GATES

We're proud of the bikes we build. We're proud of the materials we use and the people who turn our ideas into reality. It's simple. If it doesn't meet our exacting standards, we won't put our name to it. We test every component in every condition. Every single part and accessory goes through a rigorous assessment programme to simulate the very worst you can throw at it, and then some more. Hot or cold, rain or shine, one-up or two, we go to the limit to give you the best. Our confidence provides you with a two-year, unlimited mileage warranty on your new Triumph and Genuine Accessories. Alongside the knowledge that we give you a 12-month, unlimited mileage warranty on replacement parts. Our parts service is faster and more efficient than any other – we even supply parts for Triumphs dating back to 1991. If you want the best for your bike, you want Triumph Genuine Parts. And with Castrol now proudly installed as worldwide oil partner – you can be guaranteed the absolute best care for your engine.
